# District Superintendent's Report

Education is truly a community affair, and in Hampton County School District 2 we hope that everyone will assist us in achieving our goals. All of the parents, community leaders, businesses, students, teachers, and administrators must be held accountable for our students' success on PACT, SAT, HSAP, End of Course, and other mandated state tests

Each student must have the highest expectations for their own development and must strive to be academically successful. It is the district's mission to ensure that all students reach their potential by providing challenging educational experiences. We must set our standards increasingly higher, and our students must perform above the level of other students in our state, nation, and the world. Help us instill in our children self-pride and motivation. We must work together with our students to develop character. Students must come to school with an eagerness to learn and be willing to accept the rigor of instruction.

To fulfill our mission, we must have the most capable teachers we can find; and to that end, the district has intensified its recruiting efforts locally, statewide, nationally, and internationally.

All district employees are looking forward to working with each of you and encourage you to join us as we strive to provide the best educational opportunities possible for the students of Hampton County School District 2.

Again, encourage your child to take advantage of every educational opportunity.

Dennis Thompson, Jr. Superintendent
